部落介紹

「泰好玩獵人體驗營」設立於台中市和平區松鶴部落，居民大多屬於泰雅族人；松鶴舊名「德芙蘭 qalang Tbulan」，意思是土壤肥沃水源充沛、好山好水，適合人居住的地方。日治時期稱「久良栖」社，音譯爲「古拉斯」，之後因盛產松樹且吸引許多白鷺鷥而改名爲「松鶴」。

Songhe Tribe, Heping District, Taichung City

The "Taihauwan Hunter Experience Camp" is located in Songhe Tribe, Heping District, Taichung City, primarily inhabited by the Atayal people. The original name of the tribe, "Qalang Tbulan," means fertile soil and abundant water, indicating an ideal place for living. During the Japanese colonial period, it was called "Kurasu," and was later changed to "Songhe" due to the abundance of pine trees and the attraction of many egrets.

部落介紹

新美的尼亞后薩部落位於曾文溪上游，海拔約 400 至 800 米。曾經有達古布亞努族，但已滅亡，留下遺址。日治時期爲牧場，現在爲農地種植傳統作物。新美尼亞后薩獵人營推廣鄒族文化，與學校和機關合作，讓更多人了解阿里山鄒族文化，而不僅是火車和櫻花。

TRIBE INTRODUCTION

The Niahosa Tribe in Xinmei Village is located in the upper reaches of the Zengwen River, at an altitude of approximately 400 to 800 meters. Once home to the now-extinct Takipulan people, the area retains ruins from the past. During the Japanese colonial period, it served as a pasture, but it is now farmland where traditional crops are cultivated. The Niahosa Hunter Camp in Xinmei promotes Tsou culture by collaborating with schools and institutions, allowing more people to learn about the rich Tsou culture of Alishan beyond just trains and cherry blossoms.

The Wutai community offers a serene environment with pure mountain air, pristine water, and a tranquil atmosphere far removed from the hustle and bustle of urban life. 部落介紹

臺東縣海端鄉崁頂部落位於紅石山與加那鹿山下。日本時代，爲便利管理，族人被遷至此地，以派出所爲中心建立聚落。「崁頂」來自布農族名 Kamcing，意指崁頂溪沖積扇上的部落。部落早期是布農族的獵場，後來改稱「崁頂」，以布農族爲主，少數有阿美族、太魯閣族、卑南族、漢人等。1943 年，日本音樂學者黑澤隆朝在此採集了 pasibutbut（祈禱小米豐收歌）

TRIBE INTRODUCTION

Kanding Tribe is located between Kusunuki Mountain and Jianalu Mountain, it was established during the Japanese colonial era, when the Bunun people were relocated here for easier governance, with the tribe centered around a police station. "Kanding" is derived from the Bunun word "Kamcing," meaning a village on an alluvial fan of Kanding River. Originally a hunting ground for the Bunun people, the area was later named Kanding, and now consists mainly of Bunun, with smaller populations of Amis, Truku, Puyuma, and Han people. In 1943, Japanese musicologist Takatomo Kurosawa collected and recorded pasibutbut (a song of prayer for a bountiful harvest) from the Kamcing Tribe here.

部落介紹

金崙位於東南海岸一座金崙溪注入太平洋的小海灣內，自古就是台灣南部、東西兩岸各族群移棲的必經之路，因此是古代東南海岸上的交通要道。爲排灣族虷仔崙社與大武窟社的所在地，而虷仔崙爲排灣族 Kanalung 的音譯，金崙部落爲原漢混居的部落排灣、卑南、阿美、漢族等，在台東南迴地區屬於較早開發地區

TRIBE INTRODUCTION

Jinlun is located on the southeast coast, nestled in a small bay where the Jinlun River flows into the Pacific Ocean. Since ancient times, it has been a crucial migration route for various ethnic groups from southern Taiwan and the eastern and western coasts, making it a vital transportation hub on the ancient southeast coast. Kanadun, phonetically translated from Paiwan Kanalung, is the traditional homeland of the Paiwan Kanadun and Davugele tribes. Today, Jinlun is a mixed tribe of Paiwan, Pinuyumayan, Amis, Han Chinese, among others, and is one of the earlier developed areas in the South link highway region of Taitung.
